The greatest feature of the debate was an attempt by Professor Kavelsky to introduce a declaration in favor of peace and pan-Slavism as the guiding principle of the empire; but an amendment commanding Emperor Nicholas for his peace manifesto and pledging the government to cherish the aspirations of the Slavonian people outside the empire was rejected.

At 2:15 a.m. the address of the lower house in reply to the speech from the throne was adopted and the house adjourned subject to the call of the president.

ADDRESS IS ADOPTED

LOWER HOUSE OF RUSSIAN PAR-
LIAMENT REPLIES TO THE
CZAR'S SPEECH.

RADICALS ARE DISAPPOINTED
THEIR FIERY ATTACKS ON THE
MILDNESS OF THE ADDRESS
ARE UNAVAILING.

St. Petersburg, May 18.—Sitting until long after 2 o'clock Friday morning, the lower house of the national parliament set its seal upon its first great work, the adoption of the address in reply to the speech from the throne, setting forth the aims and aspirations of Russia's millions.

Despite attacks both from the Right and from the Left, the leaders of the Constitutional Democrats held their followers together to the last, and the address was adopted substantially in the form in which it was proposed by the commission and as already telegraphed abroad.

The amendments adopted Wednesday and Thursday affect important details but do not change the general tenor of the document, which, extreme as it may be in the eyes of the autocracy, falls far short of the expectations of the radicals. Time after time during the long three days of debate the extremists, with their undying hatred of the whole ancient order, launched their fiery attacks against the "mildness" of the various paragraphs, only to break against the firmness of the restraint of the chiefs of the party. When the discussion had been finished, the deputies, with the exhortations of the country to speedy action ringing in their ears, ventured no further delay and, though they had been already in session fourteen hours, took a recess until 2 o'clock Friday morning for reading and adoption of the final draft of the address instead of postponing this formality.

Demand for Amnesty.

As if running a race to see which should be the first to present to Emperor Nicholas a demand for amnesty, the council of the empire also was in session well into the early morning hours, discussing its address in reply to the speech from the throne. This document, which is far simpler and more conservative than that of the lower house, proposes an amnesty which does not include those who couched with political offenses, murder or violation of property rights—in other words, political assassins—or participants in agrarian excesses.

The lower house's demand for amnesty, the kernel and most pressing point in its address, was altered at the last moment by the commission itself, which in response to criticism of "full political amnesty" substituted "amnesty for all crimes committed from religious or political motives as well as agrarian offenses." The committee also accepted a new clause to meet the wishes of the discontented in the army and navy asking the emperor to revise the conditions of service on the basis of right and justice.

Most of the other amendments proposed in the closing hours of the debate fell by the wayside, only one out of thirty-one proposed alterations of the agrarian paragraph, for example, being accepted. The discussion of this plan lasted four hours, practically every peasant in the house taking the rostrum to voice the demands of their constituents for "land and liberty."

Rights of Various Nationalities.

The paragraph with regard to the rights of the various nationalities was adopted without change and practically without discussion, although it was expected the Poles would demand a further statement regarding autonomy.

The only incident touching this paragraph was a sarcastic fling at the consideration shown the national group, uttered by an old Russian priest, who proposed to satisfy the discontent of the border nationality even if the integrity and name of Russia perish in the process.

The child was attempting to cross West Fourteenth street, when the car approached from the west. The motorman was unable to stop it, after seeing the boy on the track, and the lad was caught and dragged under, his body being terribly mangled.

Wisconsin Man Appointed.

Washington, May 18.—Paul Samuel Reinsch of Madison, Wis., has been appointed one of the American delegates to the Rio Janiero conference in place of James S. Harlan, who has been obliged to decline the place owing to an accident to his knee.

M. Petrajitsky appealed for a unanimous vote. Count Hayden stated that he and his friends, though approving of the address in general, were unable to vote for it and the constitutional details and would withdraw in order that no opposing voice might be heard. He left the hall, followed by five members and the address was then unanimously adopted. President Mouroumtseff was instructed to request an immediate audience of the emperor.

SOLDIERS PROTECT TREASURE.

Foil Attempt to Loot Sub-Treasury in San Francisco.

San Francisco, May 18.—A daring attempt to loot the United States sub-treasury, located on Commercial and Kearney streets, was foiled at night by soldiers from Company G of the Eleventh infantry. The soldiers were detailed to guard "Uncle Sam's" treasure box and they claim that their fire was returned by the men who were attempting to loot the safes in the building.

Six men from Company G were detailed to guard the treasury Wednesday night, three men being located on either side of the place.

At 11:30 o'clock the men stationed on the Commercial street side say they noticed a man attempting to reach the entrance to the building. He was ordered to halt, but instead, started to run, whereupon a guard fired at him. The bullet did not take effect and two of the guards gave chase, leaving their one companion behind. Almost immediately the soldiers on the Clay street side began firing and the one guard on Commercial street says he saw four men run to the windows of the upper story of the treasury building. Guard Hammon was on Commercial street and he says he immediately opened fire and the forms in the window replied with shots from their revolvers. Fully thirty shots were exchanged in the fray, some of the bullets striking the wall of the building on the north side of Commercial street. The men were later seen to come down the stairs, but were not again heard of.

Attracted by the noise of the battle, Detective Sergeant Taylor headed a detail of police and commenced a search for the would-be looters. He was aided in this work by the national guards who are stationed at Post-moth square. The soldiers and police carried lanterns and stopped every person whom they met in the district but all were able to give a satisfactory account of themselves.

Demand for Amnesty.

As if running a race to see which should be the first to present to Emperor Nicholas a demand for amnesty, the council of the empire also was in session well into the early morning hours, discussing its address in reply to the speech from the throne. MOB AFTER CAR MEN

BLAMED THEM FOR DEATH OF A
CHILD THAT WAS KILLED
BY A STREET CAR.

Chicago, May 18.—In a battle Thursday night at Fourteenth and Union streets between an infuriated mob of 1,000 men, who demanded the lives of the crew of a Fourteenth street car in payment for the life of eight-year-old Harry Straum, 502 Union street, which was crushed out beneath the car, and a squad of twenty-five police from the Maxwell street station, scores of avenging rioters were injured as the officers beat back the attacks with clubs and drawn revolvers.

When the prisoners were loaded into the patrol wagon attempts were made to stop the horses and pull the mortorman and conductor from the protecting grasp of the police. Failing in this, the attacking party hurled rocks, bricks and other missiles at the street car men and their guard.

The mob wrecked the car with rocks and made desperate efforts to get at the two street car employees who, until reinforcements arrived, were being guarded by Policeman Wallace and Grady of the Maxwell street station.

A pedestrian turned in a riot call, and the entire Maxwell street station squad was sent to the scene of the riot.

The twenty-five policemen tumbled out and began using their clubs. They beat back the restless spirits who led the assault, but were obliged to draw their revolvers before there was a temporary cessation.

Finally the two street car men were placed in the patrol wagon and the mob pursued. They hurled stones and clubs at the prisoners and their guards, and tried to stop the horses.

The child was attempting to cross West Fourteenth street, when the car approached from the west. The motorman was unable to stop it, after seeing the boy on the track, and the lad was caught and dragged under, his body being terribly mangled.

ROAD GAVE REBATES

PENNSYLVANIA COMPANY SAID
TO HAVE DONE SO ABOUT
THREE YEARS AGO.

SOMETHING OF A SENSATION

CAUSED BY THE STATEMENT BE-
FORE THE INTERSTATE COM-
MERCE COMMISSION.

Philadelphia, May 18.—That the Pennsylvania Railroad company gave rebates as recently as 1903 was the charge made Thursday by Frank B. Wigton, head of the Morrisdale Coal company, before the Interstate Commerce Commission. Mr. Wigton's statement caused something of a sensation because while the commission was in session in Baltimore Vice President Thayer of the Pennsylvania railroad stated that the company had made no such concessions since 1899. Mr. Wigton was the last witness called Thursday. He gave a detailed statement of the conditions in the soft coal region and accused the Pennsylvania Railroad company of discrimination in the allotment of coal cars, citing cases to substantiate his charges.

When asked if he had any knowledge of rebating by the railroad company he said that since the retirement of W. H. Joyce, general traffic manager of the Pennsylvania railroad, there had been no rebating so far as he knew. Within a few months previous to the retirement of Mr. Joyce, however, he said, he had received rebates varying from \$7,000 to \$20,000 on tidewater shipments. Mr. Joyce retired in June, 1903. Mr. Wigton also named several other companies which, he said, had received rebates.

Charles E. Pugh, second vice president of the Pennsylvania railroad, was also a witness. He was questioned regarding the placing of sidings. R. L. O'Donnell, general superintendent of the Buffalo and Allegheny Valley division, told of having been given blocks of stock in various coal companies while he was in charge of the car distribution department of the Pittsburg division.

Cassatt Declines to Talk.

London, May 18.—A. J. Cassatt, president of the Pennsylvania railroad company, arrived here Thursday evening. He declined to discuss the report telegraphed from Philadelphia that he was considering retiring from his position because of the disclosures affecting some of his subordinate officials.

FOUGHT TO THE DEATH.

Two Canadians Had Desperate Battle

on a Canoe.

Detroit, May 18.—A Detroit News

special from Fort William, Ont., says:

W. A. Thompson and Isadore Bouchard, formerly employed on the projected line of the transcontinental railway, met tragic deaths in Helen Lake, on the north shore of Lake Superior, Thursday.

While in a canoe half a mile from shore they engaged in combat, capsizing the craft. Undaunted, they climbed to the top of the upturned canoe and engaged in a hand to hand struggle lasting nearly thirty minutes, when, their strength spent, they slipped into the water and sank.

A fisherman and daughter standing on shore were the only ones to witness the death struggle. The bodies were not been recovered. The fight was the outcome of a quarrel over a girl.

DYNAMITE IN THE FORGE.

Nonunion Blacksmiths at La Crosse

Have Narrow Escape.

La Crosse, Wis., May 18.—Alexander Perkins, a nonunion blacksmith, says his shop was entered by union agents and a charge of dynamite placed in the forge. Thursday morning, he says, the dynamite exploded and he and his partner narrowly escaped death. The building was damaged. Union officers declare the dynamiting was done by nonunion agents to hurt the organization.

Killed by the Heat.

Toledo, May 18.—Thursday was the hottest May 17 in the history of the Toledo weather bureau, the maximum temperature being 88 degrees. There were two heat prostrations, one of which was fatal.

Russian Politician Shot.

Baku, May 17.—M. Jakovlev, who was the candidate of the Constitutional Democrats for member of the lower house of parliament, was shot Wednesday by two men unknown to the authorities and died in the hospital.

Princess Obtains a Divorce.

Paris, May 18.—Princess Leon Radziwill has been granted a divorce on the ground of abandonment, with alimony of \$10,000 a year. The marriage of Prince and Princess Leon Radziwill occurred last June.

Weather

Forecast—Warmer and rain.

The Elk River Star-News isn't going to feel sore no matter which one of the candidates mentioned is nominated at Duluth for governor. While Bro. Dare has a choice, as every man should have who has the public good at heart, he is of the right mind when he puts himself in position to be with the majority after the preliminaries are over. The larger the number of republicans of this kind there are the larger will the majority be for the republican nominee in November.

The St. Cloud Journal-Press says the republicans who are shouting for harmony should remember that the surest road to victory is the one pointed out by the people. Good. The people up this way, while they have opinions of their own, are willing to abide by the decision of the majority and will be found supporting the winner in the Duluth convention to a man. The trouble with Bro. Eastman is that he imagines he is "the people," and if he proves to be we are with him. In the meantime the Journal-Press should be in a position to adopt the same rule.

THE merchants of Red Wing have cut out all foreign advertising and printing schemes and will in the future patronize the home newspapers, having come to the conclusion that money spent at home is by far the best investment.

There is money enough spent outside by mercantile establishments in any city the size of Red Wing and Brainerd for advertising in various ways which if given to the local printing establishments would nearly if not quite double the number of workmen, and would tend not only to increase the business of the tradespeople but would in various ways help business generally. More work in a printing office means more help in the establishment, a larger payroll, the cash coming back to the merchant through various channels. The prosperity of the printing house means a better newspaper in which to advertise the advantages of the city, the appearance of which is always an indication of the prosperity of the community in which it is published.

The printing houses of this city have no serious kick to register along these lines, but there are hundreds of dollars worth of this class of work that is sent out of town annually that might better be left at home, not only for the benefit of the printers but the city in general. There is not a decent newspaper in Minnesota today that does not from day to day and week to week advocate the ideas it's editor thinks will be of an advantage to the local merchant, discourage the idea of sending to department stores and catalogue houses for goods, a detriment to any community and a loss to the man who indulges in the practice, and then some smooth guy comes along and picks up a nice fat order for job printing, or works the merchant for \$5 each for their card on a so-called directory to be posted up around town which is of no earthly benefit except as a medium to become separated from the coin of the realm for the stranger's benefit. Instead of patronizing these outside concerns when their representative calls in the future it would be the handsome thing to inform him that the home institution would get the business when there was any to be given out.

WHEN HER BACK ACHES,

A Woman Finds All Her Energy and Ambition Slipping Away.

Brainerd women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Brainerd woman's words:

Mrs. John C. Beck, of 615 Maple St., Brainerd, Minn., says: "The merits of Doan's Kidney Pills are second to no other kidney medicine. Mr. Beck suffered with his back and kidneys for a long time. There were continual pains and an annoyance from a disturbed condition of the kidneys. He tried one treatment after another but always without noticeable benefit. Doan's Kidney Pills were so highly recommended that he decided to try them and procured a box at H. P. Dunn & Co.'s drug store. It proved just the remedy he needed for the benefit was prompt and effective from the first dose and a continued use of Doan's Kidney Pills entirely eradicated the whole trouble."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

TWELVE INDICTMENTS FOUND

Five not yet in Custody Are Not Made Public—Others Brought in to Plead

The grand jury has finished its work for the term and was discharged. Beyond bringing in 12 indictments the jury made no report and took no jaunts of investigation.

Five of the parties against whom indictments were brought are not yet in custody and the names of course are not yet made public. The others indicted have been brought into court and plead to the indictments as follows:

Chas. Miller, indicted for grand larceny in the second degree plead guilty but afterwards asked permission to withdraw plea and plead not guilty as in the indictment. Miller claimed that he supposed he was pleading guilty to petty larceny.

Phil Provo and Louise Appleby plead guilty to charges of selling intoxicating liquors without a license and will be sentenced tomorrow.

Roy Kimball and Charles Berry plead not guilty to the same charges. These are the "blind piggies" brought down from Cross Lake some time ago and bound over in the municipal court.

D. F. Jones plead not guilty to the charge of incest.

Chas. Badour, indicted for the robbery of the Merrifield post office a couple of years ago plead not guilty.

Take Notice.

Mrs. Robert Bourquin has left my bed and board for the 7th time, so I will not be responsible for any debts that she may contract from this date.

"COUSIN KATE" TONIGHT.

In "Cousin Kate" Alberta Gallatin has found a worthy vehicle for her unlimited talent and ability. It is without a doubt the prettiest and cleverest society comedy ever put on, and when it opened the great Hudson theatre in New York was accorded an almost overwhelming gratifying reception, running for season there and also for one in London. Though pure comedy, of the kind only conceived by dramaticists

once in many years, yet it affords Miss Gallatin ample opportunity for a display of her ability as an emotional actress, in which line of work, especially by her work in Ibsen's "Ghosts," she has made herself famous. Concerning her performance of "Cousin Kate," the Louisville Times says:

"Miss Alberta Gallatin gave a beautiful performance of 'Cousin Kate' at McCauley's last night. Her unusual beauty, her graceful, easy and thoroughly natural pose fit the part, and in the simple heart story she is perfectly at home. At the opera house tonight Seats are now selling at H. P. Dunn & Co.'s drug store.

CENATOR BAILEY OF TEXAS ARRAIGNS HIS CRITICS AND RENEWS CHARGES.

GAVE OUT THE INFORMATION

PRESIDENT ROOSEVELT SAID TO HAVE SHOWN MEMORANDUM TO TWO MEN.

Washington, May 18.—The senate Thursday received another installment of Senator Bailey's version of the effort to secure an understanding between the Democratic senators and the president on the railroad rate bill. In presenting it he included the memorandum of Former Senator Chandler to the president, on which the charges of bad faith against Mr. Bailey have been predicated. The Texas senator again arraigned his critics in sharp language.

Senator Bailey quoted from the New York Tribune and charged the paper in its Washington correspondence with "modifying its lies."

He referred to the report that the memorandum was circulated among Democratic senators. This he denied, but he charged that the president showed the memorandum to a Republican senator and to a Republican member of the house. He said that the Chandler memorandum impugned no bad faith to him, nor even to the other senators. Senator Bailey declared that the president did not doubt his (Bailey's) good faith because three days after the memorandum was drawn up the president, through Chandler, asked him to confer with the attorney general on the subject.

Mr. Bailey took up the reply of the Chicago Tribune correspondent to his denunciation and said that it did not meet the situation. He quoted from it and intimated that the assertions the correspondent made were based on information obtained from the president or some one near him.

Would Brand Accuser a Liar.

Mr. Bailey said that he had been charged with being impetuous, rash and dictatorial, but no one had or could charge him with double dealing. When such a charge was made he would brand across the forehead of the man making the charge the word "liar," in order "that he might be known and shunned of all men."

With the exception of Mr. Bailey's digression the day was devoted to a review of the amendments made in committee of the whole, and covered somewhat more than half of the measure.

There was a prospect of concluding the reading until the section granting to the interstate commerce commission power to fix rates was reached and the question of the constitutionality of that provision was raised. The attack was made on the clause giving to the commission discretion in prescribing rates. The question was still under discussion when the senate adjourned. The clause was sharply attacked by Senators Teller, Knox and Foraker. Mr. Knox expressed doubt whether the bill would be constitutional even with the discretionary power omitted and it was Mr. Foraker's conviction that it would not.

There was again considerable debate over the pipe line, rebate and anti-pass amendments and also of the amendment prohibiting common carriers from transporting articles produced by themselves. All of these and other less important provisions were modified.

NAVAL APPROPRIATION BILL.

House Passes Measure After a Long Debate.

Washington, May 18.—After two weeks of debate the house Thursday passed the naval appropriation bill, carrying \$99,764,000. When the house adjourned the previous night all the amendments to the bill had been considered. Two amendments had been agreed to in committee of the whole, however, which were not at all satisfactory to certain interests and upon these separate votes were taken Thursday.

The amendment providing that the secretary of the navy could go into the open market for chains, anchors and cordage, if they could be had cheaper there than they could be made by the government, was defeated by a vote of 118 to 129.

By the action on the second amendment a 4 per cent differential will be allowed bidders from the Pacific coast on the new ships provided for in the bill. The vote on this amendment was very close, three Republicans changing from no to yes, Messrs. Haugen (Fa.), Thorns and Longworth.

After the passage of the naval budget the house in committee of the whole resumed consideration of the so-called naturalization bill. No great headway was made.

Hueston Defeats Horgan.

St. Louis, May 18.—Thomas Hueston of St. Louis, holder of the world's continuous pool championship, Thursday night defeated John Horgan of Elmira, N. Y., in the first block of 200 points in a 600-point match for the title. The score was 200 to 173.

BAILEY AND TILLMAN.

Bring Up the Railroad Rate Controversy in the Senate.

Washington, May 17.—The recent efforts of the president and the Democratic senatorial leaders to reach an agreement on the rate bill received further notice in the senate Wednesday from Senators Bailey and Tillman. The matter was referred to by the Texas senator in the course of a personal explanation called out by an article in the Chicago Tribune charging Mr. Bailey with failure to find common ground, and by Mr. Tillman in a speech in support of Mr. Bailey and in presenting a further statement from Former Senator Chandler.

In his address Mr. Bailey denounced the article in question, as a "lie" and the author and inspirer of it as "liars."

There also was a sharp colloquy between Senators Daniel and Tillman over an amendment to the anti-pass provision.

The consideration of the rate bill in committee of the whole was concluded and the measure was then reported to the senate, where there will be opportunity to review and alter all the amendments heretofore made.

Practically the entire day was devoted to the consideration of the anti-pass amendment, which was adopted after making so many exceptions as to arouse laughter in the senate every time the provision was read.

The work of the senate as such was confined to the partial consideration of the pipe line provision, which was amended by striking out the Morgan proviso extending its operation to other countries where the United States has jurisdiction.

RIVAL TO THE DREADNAUGHT

House Authorizes Building of Largest Battleship in the World.

Washington, May 17.—The naval appropriation bill, carrying nearly \$100,000,000, was completed Wednesday in the house after one of the busiest days of the present congress.

The feature of the day's debate grew out of the attempt to defeat the appropriation for the largest battleship in the world, and the tenor of the speeches for the big ship was that the American republic must be abreast of the nations of the world in the strength of her navy. The opponents talked for peace, disarmament and arbitration and insisted that there is no need of such a large navy.

The amendment introduced by Mr. Burton of Ohio to strike out the appropriation for a rival to the English Dreadnaught was defeated, as was the amendment leaving the construction of the battleship to the discretion of the secretary of the navy after the second Hague conference.

PRESBYTERIANS IN IOWA.

Annual Session Attended by Hundreds of Delegates.

Des Moines, Ia., May 17.—Seven hundred and fifty commissioners to the one hundred and eighteenth session of the general assembly of the Presbyterian church in America have arrived in Des Moines and attended the foreign missions and educational conference preliminary to the assembly proper, which opens at 11 a. m. at the Auditorium with the sermon of Rev. J. P. Moffatt, retiring moderator.

There is increased interest in the contest for moderator. The candidates are Rev. A. B. Marshall, Minneapolis; Rev. T. Cleland, Duluth; Rev. J. L. Barkley, Detroit; Rev. J. A. Hendy, Jefferson, Mo., and Rev. Hunter Corbett. The candidates of the two Minnesota men are in conflict, and because of this Mr. Corbett has gained.

There will be no fight over the new book of forms, which is to be reported to the assembly by Dr. Henry Van Dyke of Princeton university.

WILL VOTE ON PROPOSITION.

Lake Firemen Will Thus Settle Wage Controversy.

Cleveland, May 17.—The delegates of the Marine Firemen's union had a conference Wednesday afternoon regarding the wage proposition of the Lake Carriers' association, over which there was a split Tuesday. It was decided to put the proposition up to the members of the different unions and allow a referendum vote upon it. The result is to be made known to the lake carriers within a week. The carriers' proposition is \$45 per month up to October 1 and \$65 thereafter until the close of the season, the same as last season.

Amnesty for Rebels.

Havana, May 17.—After a long discussion the senate passed the house bill amnestying all who have engaged in revolutionary attempts, but amending it so as to include in the amnesty only culprits whose acts were committed between Sept. 23 and Dec. 1, 1905.

Cure Defeats Hoppe.

New York, May 17.—By defeating Willie Hoppe in both their games Wednesday in the 3,600 point 18.2 balkline billiard match, Louis Cure, the French expert, now leads in the contest by more than 500 points. The total score for three days' play is Cure, 2,000; Hoppe, 1,254.

Koreans Reprieved.

Honolulu, May 17.—Acting Governor Atkinson has reprieved for one week five Koreans who were sentenced to be hanged Wednesday. The five Koreans were convicted of the brutal murder of a fellow countryman on the island of Hawaii on Dec. 23, 1905.

HILL TELLS OF NEW ROAD.

Railway Magnate Will Construct Line in Canada.

Winnipeg, Man., May 16.—James J. Hill, president and dominant force of the Great Northern railway, was an honored guest in Winnipeg Tuesday. Arriving with a distinguished party of officials, including his son, Louis W. Hill, the famous magnate was met by an influential delegation and taken first to the Manitoba club. Later he was entertained at luncheon by the Canadian club, where 600 representative citizens sat down.

Mr. Hill talked in a reminiscent mood and then he gradually approached the optimistic, prophesying a wonderful future for Winnipeg and the Canadian West. He strongly advised against the giving away of public domains, especially in large blocks, believing that the steady influx of immigration would serve to fill up the country.

Mr. Hill said in an interview he expected to have a through line completed from Winnipeg to the coast by the time the Grand Trunk Pacific had reached the city, which means by the fall of 1907. He stated that Winnipeg would be headquarters of the Canadian roads and he intended to build terminals and a station on the Ross avenue property. He said that he had no intention of invading Eastern Canada, but would use the Canadian Pacific railway and Grand Trunk Pacific.

RAILROAD LABORERS IN A RIOT.

One Killed and Two Others Seriously Injured.

Bristol, Tenn., May 16.—As the result of a riot started by seventy-five Italian laborers employed on the South and Western railroad near Spruce Pine, N. C., one was killed and two others were seriously injured. The men quit work and demanded immediate pay. The superintendent was unable to comply with this demand and threats to blow up the office and commissary buildings were made. A posse was organized to quell the mob and when it approached the house where the ringleaders were assembled they were met with a volley from within. The fire was returned.

RETURNS STILL INCOMPLETE.

But the Crawford Faction in South Dakota Is Ahead.

Yankton, S. D., May 17.—Returns from the South Dakota Republican primary elections are still incomplete and both factions claim to have carried the state. The Elrod faction concedes 671 delegates to the Crawford adherents and claim 654 from the counties heard from, 685 being necessary to a choice in the state convention. The Crawford people claim a total of more than 800.

The Elrod people concede that Senator Gamble, leader of the Crawford faction, will be endorsed for reelection.

Engineer and Brakeman Killed.

Harrisburg, Pa., May 17.—An engineer and brakeman were killed and a preman was fatally scalded by the explosion of the boiler of a Northern Central freight engine at Herndon, Wednesday evening. The engine was drawing a heavy train and running at a high rate when the boiler suddenly blew up.

Franchises Carried.

Denver, May 17.—On the face of the returns the twenty-year franchise sought by the Denver city tramway and the Denver Gas and Electric companies have been carried at the election by small majorities. The municipal ownership league is preparing evidence on which the franchises will be contested.

Umpire Badly Beaten.

Punxsutawney, Pa., May 15.—J. M. Shuster of Chicago, while umpiring a ball game between Punxsutawney and Oil City of the interstate league here, was struck to the ground with a ball bat and kicked into insensibility by Left Fielder Clark of the home team. Shuster is in the hospital in a critical condition and Clark has been arrested.

RURAL GUARDS QUARREL.

Three of Them Shot to Death in a Cuban Town.

Havana, May 18.—Three members of the rural guard were Thursday found shot to death at the little town of Las Mangas, in the province of Pinar del Rio. Investigation disclosed the fact that they had been killed in a quarrel with two other rural guards, who, after the affray, fled to the woods with their horses and guns. The cause of the trouble is not known. Rural guards are in pursuit of the fugitives.

EXCEEDS CONTRACT SPEED.

New Protected Cruiser St. Louis on Endurance Run.

Boston, May 18.—The new protected cruiser St. Louis, built by Nease & Levy of Philadelphia, developed an average speed of 22.12 knots an hour on her four-hour endurance run from Rockland, Me., to Boston light Thursday.

The government contract calls for an average of 22 knots an hour.

UNUSUAL IN CHARACTER.

Revelations Made During Investigation in Philadelphia.

Philadelphia, May 17.—Revelations of an unusual character were made Wednesday during the investigation by the interstate commerce commission into the alleged discrimination by railroad companies in the distribution of cars to coal companies in the blustery region. Three important witnesses were heard, George W. Creighton, general superintendent of the Pennsylvania division of the Pennsylvania Railroad company; Robert K. Cassatt, son of President Cassatt of the Pennsylvania railroad and Eastern manager of the Keystone Coal and Coke company, and John M. Jamison of Greensburg, Pa., president of the Jamison Coal and Coke company.

Mr. Creighton admitted that he held stock in several coal companies and that the stock had been presented to him. Mr. Jamison testified that his company had presented Pennsylvania railroad officials with stock to secure better treatment from the corporation.

He also said that Robert Pitcairn, now assistant to President Cassatt, had declined a proffer of stock, saying that he preferred the money. Mr. Jamison bought the stock back from him for \$5,000.

ONE OUTLAW CAPTURED.

Member of the Wickliffe Band Taken into Custody.

Vinita, I. T., May 17.—United States Marshal W. H. Darrough has returned with a posse from the Spavinaw hills, where his officers captured Ben Hungry and Ned Carselote, alleged accomplices of the Wickliffe brothers, the Cherokee Indian outlaws. Hungry confessed that he was in the fight when Deputy United States Marshal Gilstrap was killed and that Carselote harbored the Wickliffe and himself the night before the battle.

Michael Davitt Very Ill.

ARE MARKED

SOO LINE

Instruments Used by Railroad Surveyors Near Rabbit Lake Said to Bear that Mark

SEVERAL CREWS ARE OUT

One Line Said to be Running Southwest this Side of Mille Lacs, Near Midland

The railroad surveyors working in Crow Wing and Aitkin counties, whose identity was in doubt, are now almost conclusively proved to be out for the Soo line. A surveyor in one of the parties, when asked who was back of the survey, declared that he did not know, but that all the instruments bore the marks of the Soo Line. It is also reported at Deerwood that letters have been picked up showing the stationery of that road.

The course of the survey is still in the air so far as the public is concerned. Several preliminary lines are being run. It seems evident, however, that one line is being run north of Rabbit Lake. There was a crew working along the Mississippi a few days ago seeking a crossing and the head man of the party stated to a farmer, it is said, that they were undecided as to whether they would cross close to the bridge north of Deerwood or near Dr. Camp's place. One report is that the line is to be an air line from Duluth to Crookston. Another that Detroit is the western point aimed at. There seems reason to believe that if the former is the objective point then a branch will be run tapping the Cuyuna south of the N. P. tracks and intersecting the existing lines in the neighborhood of Glenwood.

Of course the opinions are based largely on supposition and colored by the desires of the supporters to some extent, but there is certainly something doing as there are several crews out and good sized crews and there seems good evidence that they are in the employ of the Soo line.

There is also rumors that the Great Northern has a crew running from

Milaca or Brook Park north on the east side of Milne Lacs, to a point on the main line east of Grand Rapids. No direct confirmation of this fact can be secured, however.

DRAWING THEM TOGETHER

Dr. Robertson's Mission Drawing the Pastors and Churches of Brainerd Closer Than Ever

The Robertson Mission has brought Brainerd pastors closer together and the membership of the churches into closer touch with each other than was ever known in the history of Brainerd. As the pastors of the different churches with their people meet morning after morning at 8 o'clock in the Y. M. C. A. building and on bended knee pray together for the outpouring of the holy spirit upon our city one cannot help but say, "What a powerful testimony to the world this is, when denominations are thus laboring together in our common cause." O that this spirit may continue until the unsaved of Brainerd may like Zacchaeus of old, push through the crowd to see Jesus. Let us stand together before God in earnest prayer that the mission now drawing to a close may be the beginning of the greatest outpouring of the Holy Spirit that has ever been known in Brainerd or Crow Wing county. Let your motto be, "Brainerd and Crow Wing County for Christ."

The meeting yesterday in the afternoon at the Presbyterian church was well attended in spite of the threatening condition of the weather. Dr. Robertson gave another telling address upon Christ's healing of the nobleman's son. More than 400 people were present at the evening service in the Swedish Baptist church. Dr. Robertson preached again upon the conversion of Zacchaeus, during which hearts were touched and many manifested a desire to accept Christ by accepting Dr. Robertson's little booklet, "God's way of Saving Man's Soul." Come out to the meeting to-night.

Remember the meeting Sunday afternoon and evening at the opera house.

CASE OF MERRILL VS. COATES IS ON

Suit for Five Thousand Dollars Damage Brought Against The Coates Liquor Co FOR DEATH OF MR. MERRILL

Outgrowth of the Assault on Old Man by Leon Rafidal Some Months Ago

Probably the most interesting case on the civil calendar this term is now on for trial. It is the case brought by Ellen L. Merrill, as administratrix of the estate of Truman D. Merrill, deceased, against John Coates, doing business as the John Coates Liquor Co. This is a suit brought to recover \$5,000 damages for the wrongful killing of Mr. Merrill by Leon Rafidal, bartender for the Coates Liquor company in the saloon at the corner of Fifth and Laurel street in the Gardner block, a few months ago.

The story of the assault upon the old man, his being dragged to the back door and left there, his subsequent finding by the police and his death in the lockup the next morning are too fresh in the memories of Brainerd people to need repeating. The trial of Rafidal on the charge of manslaughter and his acquittal followed and now the widow of Mr. Merrill has brought suit to recover damages in the full amount allowed by the statute for his death. The case is handled by Geo. N. Peterson, an attorney from Mrs. Merrill's home, and A. D. Polk for the plaintiff, while the interests of the John Coates Liquor company are in the hands of M. E. Ryan, who so ably defended Rafidal.

The case came on for trial about 10 o'clock this forenoon. Considerable difficulty is expected in securing a jury and it is thought that it will take at least two days to try the case if it goes to the jury.

The case of Chamberlain vs. Gordon came to an abrupt end this forenoon. That part of the complaint seeking to recover for services was dismissed and judgment rendered for the full amount of the claim for money advanced. This solution of the case was by common consent.

In the case of Monheimer vs. Pratt, settlement of which was noted Thursday, judgment was given against N. S. Pratt for \$143, no service having been had on G. M. Pratt.

Canan—First Lady Ever a Dele-

gate to Supreme Court

The local delegates to the U. O. F. convention in St. Paul have all returned home and report a delightful social session as well as a very beneficial business session. They are also well pleased with the honor bestowed on one of their members, Mrs. T. E. Canan, who was elected a delegate to the Supreme Court of the order which meets in Milwaukee in July. This is the first time a lady member of the order was ever elected a delegate to the Supreme Court and the Foresters feel it is an

honor justly bestowed as the prosperity of the order in Brainerd is due largely to Mrs. Canan's faithful work.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice, endorse and praise in the strongest possible terms, each and every ingredient entering into the make-up of Dr. Pierce's Golden Medical Discovery, the famous stomach tonic, liver invigorator, heart tonic and regulator and blood cleanser. This is also equally true of Dr. Pierce's Favorite Prescription, for the cure of all those weaknesses and distressing ailments peculiar to women.

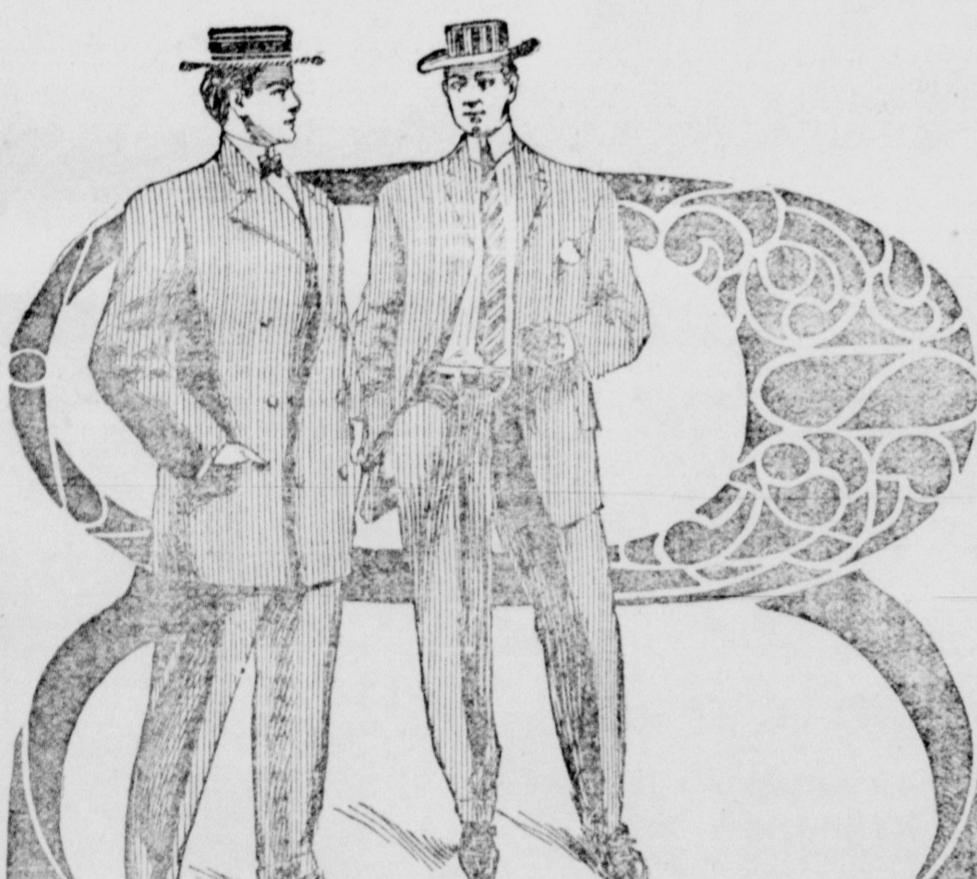

No other medicines sold through drug-gists for domestic use, can show any such professional endorsement. Dr. Pierce's above mentioned remedies are non-alcoholic and non-secret, all their ingredients being printed on each bottle wrapper. They occupy a unique position and are IN A CLASS ALL BY THEMSELVES. They are neither secret nor patent medicines. They are powerful to cure but safe to use in any condition of the system, even for the most delicate women and children.

Pure, triple refined glycerine, which is used instead of alcohol both for extracting and preserving the active medicinal principles from the roots of the several American forest plants entering into Doctor Pierce's medicine, is much superior to alcohol for these purposes, as it is entirely free from the objectionable features inherent in alcohol, inasmuch as it produces only salutary influences upon the system, while alcohol, even in moderate portions, if long continued, as in the treatment of obstinate ailments, is very injurious and often begets a craving for stimulants. Furthermore, glycerine itself is a most valuable curative agent instead of being a harmful habit-forming agent like alcohol. Its nutritive properties, Dr. Pierce and many others eminent in the profession believe, far surpass those of cod-liver oil, entitling it to favorable consideration as a remedy in all cases of incipient consumption, especially when it is combined with the active medicinal principles extracted from Black Cherry-bark, Queen's root, Stone root, Golden Seal root and Bloodroot, as in "Golden Medical Discovery."

Besides its superior nutritive properties, glycerine is a very valuable demulcent and thereby greatly enhances the remedial action of all the foregoing roots in the cure of severe coughs, bronchial throat, laryngeal and other related affections of the air-passages and lungs. In all "wasting diseases" where there is loss of flesh and gradual "running down" of the system, the liver certainly plays an important part in lessening the breaking down and wasting of flesh, and in promoting assimilation and increase of bodily strength and weight. It is a powerful reconstructive agent in all cases of impaired vitality and especially valuable when associated and combined with such superior alternatives and tonics as in "Golden Medical Discovery" and "Favorite Prescription." Its wonderful solvent properties also play an important part in the cure of gall stones and severe constipation.

Glycerine is also one of the very best anti-ferments and as such counters the excessive fermentation of foods in the stomach, present in most cases of indigestion or dyspepsia. Thus the pain, belching of noxious gas, bloating and other disagreeable symptoms are overcome and the Stone root, Golden Seal root, Bloodroot and other ingredients of "Golden Medical Discovery" are greatly assisted in their action in completing a cure.

As will be seen from the writings of Drs. Bartholow, King, Scudder, Hale, Wood, Hare, Johnson, C. Ellingwood and one or eight authorities, as contained in the little book mentioned below, these agents can confidently be depended upon for the most positive, curative action in all atomic, or weak, states of the stomach, accompanied with distressing indigestion or dyspepsia and kindred resultant affection.

"VARNISH DEEP" CLOTHES

There are two grades of clothing, CLOTHCRAFT and others, some merely made to sell. CLOTHCRAFT is made to wear.

Good clothes on the surface is not enough, some good looking furniture for instance is only "varnish deep," you don't know how soon it will go to pieces; Surface Clothes cover a multitude of the tailor's sins—and the worst of it is, you've lost on the transaction more than you thought you saved.

Back of CLOTHCRAFT garments stands a glorious record, a name that means much to both the maker and the wearer, it means much to us as well, because you will NOT be a one-time customer. It's the coming back again and again that pays us to sell CLOTHCRAFT CLOTHES—pays you to wear them too.

All that brains, shears and needle can accomplish in skilled hands, are made manifest in this splendid make of splendid clothing, that standard by which so many of the "best" makes are measured. "Be sure you're safe." If oleomargarine is just as good as butter, why buy butter? "Just as good as CLOTHCRAFT" is the best argument in the world for you to buy CLOTHCRAFT.

DR. CORBETT ELECTED.

Chosen Moderator of the Presbyterian General Assembly.

Des Moines, Ia., May 18.—After a spirited contest Rev. Dr. Hunter Corbett, missionary to China for many years, was elected moderator of the Presbyterian general assembly late Thursday afternoon. Three ballots were taken, the final vote standing: Dr. Corbett, 329; Rev. Dr. J. M. Barkley, Detroit, Mich., 308; Rev. Dr. J. W. Hendy, Missouri, 4.

Five candidates were placed in nomination and the oratory that accompanied the presentation of names occupied over two hours. The voting was by sections and there being 22 of these it was attended by much noise and confusion. The candidates were Dr. Corbett, Dr. E. J. Cleland of Duluth, Dr. Barkley, Rev. J. W. Hendy and Rev. J. M. Marshall of Minneapolis.

On the first ballot Dr. Corbett received 263, Barkley 233, Marshall 211, Cleland 23, Hendy 23. On the second ballot Corbett received 308, Barkley 278, Marshall 48, Cleland 4, Hendy 5. On motion of Dr. Barkley the election was made unanimous.

Dr. Corbett is a native of Pennsylvania and has for years been engaged in missionary work in China, where his services were distinguished.

NEW METHODIST BISHOPS.

Three of Them Elected at the Conference in Birmingham.

Birmingham, Ala., May 18.—After a day of exciting balloting at the M. E. general conference, which continued up to 10:30 o'clock, the following three new bishops were elected:

Dr. Seth Ward, assistant missionary of the M. E. church; Dr. John Tigert, book editor; Dr. James Atkins, Sunday school editor. Mr. Tigert was elected on the first ballot, Ward on the third, and Atkins on the twelfth.

VALUABLE LAND INVOLVED.

Suit to Establish Ownership Filed at Topeka, Kan.

Topeka, Kan., May 18.—A suit involving the ownership of \$200,000 worth of land was brought Thursday in the United States district court here by the trustees of the estate for C. J. Devlin, the bankrupt coal operator, against his widow, Mary A. J. Devlin. It is asked that the deeds to this land, now in the name of Mrs. Devlin, be set aside and that she be prevented from conveying the land or from encumbering it in any way.

The property is 1,351 acres in Bureau county, Illinois.

The land on March 25, 1896, was conveyed by Charles J. Devlin and wife to Henry J. Miller in four deeds, Henry J. Miller was the father of Mrs. Devlin. Nov. 2, 1896, Henry J. Miller and wife conveyed these same lands, in four deeds, back to Mrs. Mary A. J. Devlin.

The deeds from Charles J. Devlin and wife to Henry J. Miller were recorded June 26, 1905, and the deeds from Henry J. Miller and wife to Mary A. J. Devlin were recorded the next day. This was only about ten days before the adjudication in bankruptcy of Charles J. Devlin and his various companies.

REJECTED BY HOUSE OF LORDS.

Hardie's Alien Labor Measure Meets Defeat.

London, May 18.—The house of lords by 96 to 24 votes rejected the second reading of the bill introduced into the house of commons by James Keir Hardie, the labor leader, the object of which is to prohibit entrance in Great Britain of aliens to take the place of British workmen during trade disputes.

The arbitrary action of the house of lords in throwing out the bill is deeply resented by the labor members of parliament and is the absorbing topic of discussion in the lobbies. Many Unionist members regret the action. James Keir Hardie blames the government for not taking charge of the bill, while the government claims that its programme already is too heavy.

TROOPS LEAVE CANADA.

Last Imperial Garrison Sails for England.

Victoria, B. C., May 18.—The last imperial garrison in Canada, that of Esquimalt, which has been replaced by Canadian troops in accordance with the recent decision of Canada to take over her own defenses from Great Britain, left Thursday for England. The embarkation was accompanied by an immense gathering to give farewell to the last of the British troops to be seen in Canada.

YOUNG GIRL MURDERED.

Her Slayer Afterward Shot and Killed Himself.

Joplin, Mo., May 18.—Hazel McKinney, fourteen years of age, was assaulted and murdered in a lonely stretch of woods near Cave Springs, five miles west of here, by John Morgan, a miner, who afterward shot and killed himself. The bodies were found lying together Thursday night by a party in quest of the girl.

Killed by Kick of Horse.

Marshalltown, Ia., May 18.—Fred Smith of Bayard, the twenty-year-old son of G. J. Smith of that place, is dead as the result of being kicked in the abdomen by a horse. His parents are prominent people of Bayard.

Earthquake in California.

Oakland, Cal., May 18.—A slight shock of earthquake was felt here Thursday night and at San Jose and other points. No damage is reported.

FOURTEEN MEN INJURED.

Scaffold Upon Which They Were Working Collapsed.

Wheeling, W. Va., May 18.—Fourteen men were hurt, three fatally, in the National Tube works at Benwood late Thursday afternoon. The men are structural iron workers and were working on a scaffold twenty-five feet high, which collapsed under the weight of a huge casting. Those fatally hurt received scalp wounds and internal injuries.
